Subject: RELOCATION OF PERFORMANCE AEROMOTIVE, INC

25 APR 2011

NOTICE TO ALL CUSTOMERS AND VENDORS

Please be advised that effective 30 APR 2011, Performance Aeromotive Inc will begin the process of relocating into a new facility.

The address of the new facility is:

Performance Aeromotive, Inc
5 Aeronca Rd.
Belton, SC 29627

This new facility is located directly on an airstrip, doubles our working space, and will allow us to better serve the aviation community.

During the transition, our technicians will continue working on repairs as much as possible; however we will take precautions to ensure that our quality is not compromised. I hope that we can count on your patience during this time.

If possible, please hold off shipping any packages during this time. If this is not possible, or if packages have already been shipped, rest assured that your packages will be received and stored safely since we already have staff at the new address AND will be maintaining our warehouse at the current address in the Donaldson Industrial Airpark.

NO PACKAGES WILL BE ACCEPTED AT AUGUSTA ARBOR WAY AFTER 6th JUNE 2011

Regards,

Harvey Cash
Vice President
Performance Aeromotive, Inc
